

**ADDISON MIDDLE SCHOOL
COURSE DESCRIPTION GUIDE
2024-2025**

Vision Statement

The vision of Addison Community Schools is to prepare confident students in making positive contributions to the global society and the community in which they live.

Mission Statement

The mission of Addison Community Schools is to provide a well-balanced curriculum and learning environment, supplemented by enriching experiences in order for all learners to be successful.

Beliefs

- A strong, well-rounded academic and extracurricular program is imperative for high student achievement.
- A safe, orderly, and predictable environment that is also enjoyable and promotes learning.
- Having a balance between maintaining a solid foundation of technology with being on the cutting edge promotes high student engagement in learning.
- Building a culture of collaboration and providing frequent and timely communication among all stakeholders, will create meaningful partnerships between the school and community.
- All children and families have the right to effective instruction, and the responsibility to learn, progress, and experience success.

Valuable Websites for Careers and Education

www.collegeview.com

This site contains a college search, career information, and financial aid possibilities.

www.mois.org

This site is the Michigan Occupational Information System which reviews over 2000 careers.

www.careermag.com

This site contains up-to-date information on careers, career searches and articles relating to finding and keeping a good job.

www.finaid.com

This site contains a variety of information on calculating costs, scholarships and grants, scams, and other searches.

www.fafsa.ed.gov

Official site of the Free Application for Federal Student Aid (FAFSA). This site contains frequently asked questions and a guide to completing the form. The document can be downloaded and filed electronically.

www.petersons.com

This site is the Peterson's Education Center. It contains general information about colleges, careers, and distance learning.

www.MI-StudentAid.org

This site is the MI-SEARCH guide for searching for scholarships and financial aid.

www.ed.gov/funding.html

This site is a student guide to education funding.

www.ed.gov/inits/hope

This site provides information about HOPE and lifetime learning tax credits.

www.msfaa.org

This site offers information on financial aid, links to state and federal aid, and links to Michigan colleges and universities.

Information for Student Planning

EDP On-Line

An Educational Development Plan, (EDP), helps students identify career goals, lists the interests and skills needed to meet those goals, and documents the experiences, education, and accomplishments needed to successfully attain them.

Local schools in the Hillsdale-Jackson-Lenawee Intermediate School Districts use the web-based EDP to facilitate career planning and course selection. Students are able to complete and up- date their EDP to facilitate career planning and course selection. Students are able to complete and update their EDP anywhere via the Internet. This on-line tool is confidential and secure because students must enter personal student ID's and passwords to access the system. No personal information is entered. Students may print out a copy of their EDP to review at any time.

English

English 6

Applicable Grades: 6

Credits: MS

Course Length: 2 Semesters

Type of Course: Required

Students will be reading, writing and discussing many genres of the language, including grammar, short story, poetry, drama and others to allow students to meet benchmarks identified for 6th grade students.

English 7

Applicable Grades: 7

Credits: MS

Course Length: 2 Semesters

Type of Course: Required

Students will be reading, writing and discussing many genres of the language, including grammar, short story, poetry, drama and others to allow students to meet benchmarks identified for 7th grade students.

English 8

Applicable Grades: 8

Credits: MS

Course Length: 2 Semesters

Type of Course: Required

Students will be reading, writing and discussing many genres of the language, including grammar, short story, poetry, drama and others to allow students to meet benchmarks identified for 8th grade students.

STEAM

Cardboard Design

Applicable Grades: 6

Credits: MS

Course Length: 1-2 Semesters

Focus will be on design basics, including math skills.

Medical Detective

Applicable Grades: 8

Credits: MS

Course Length: 1-2 Semesters

Focus will be on basic forensics.

Activities in Math

Applicable Grades: 6

Credits: MS

Course Length: 1-2 Semesters

Focus will be on applying math skills to hands on activities.

Careers

Applicable Grades: 7

Credits: MS

Course Length: 1-2 Semesters

Focus will be on providing an introduction to career paths.

Art

Applicable Grades: 6

Credits: MS

Course Length: 1-2 Semesters

Focus will be on providing students the opportunity to expand their skills in various techniques in the field of art.

Computer Coding

Applicable Grades: 7

Credits: MS

Course Length: 1-2 Semesters

Focus will be on developing a basic understanding of computer coding.

Fine Arts

Art 6

Course Length: 1-2 Semester

Credits: MS

A foundation level class structured to introduce students to the visual elements and principles of design, art history, and careers in art at a 6th grade level.

Art 7

Course Length: 1-2 Semester

Credits: MS

A foundation level class structured to introduce students to the visual elements and principles of design, art history, and careers in art at a 7th grade level.

Art 8

Course Length: 1-2 Semester

Credits: MS

A foundation level class structured to introduce students to the visual elements and principles of design, art history, and careers in art at an 8th grade level.

Band

Course Length: 1-2 Semesters

Credits: MS

This course is designed to give each band member a chance to perform publicly in an environment conducive to learning, growing, and music making.

Students will develop an appreciation of the impact of their heredity, their environment, and their choices upon their personal wellness.

Physical Education 7

Applicable Grades: 7

Credits: MS

Course Length: 1-2 Semesters

Type of Course: Required

Class builds on the skills learned in Gym 6. Participation is a major portion of the grade. Testing is a smaller portion of the grade and includes skill, strength, endurance, and knowledge testing. The major philosophy is to provide individuals with the skills, knowledge, and opportunity to be successful in some type of activity. This course is based on a philosophy of choosing life-long wellness. Students will develop an appreciation of the impact of their heredity, their environment, and their choices upon their personal wellness.

Physical Education 8

Applicable Grades: 8

Credits: MS

Course Length: 1-2 Semesters

Type of Course: Required

Course builds on the skills learned in Gym 7. Participation is a major portion of the grade. Testing is a smaller portion of the grade and includes skill, strength, endurance, and knowledge testing. The major philosophy is to provide individuals with the skills, knowledge, and opportunity to be successful in some type of activity. This course is based on a philosophy of choosing life-long wellness. Students will develop an appreciation of the impact of their heredity, their environment, and their choices upon their personal wellness. Course includes a section on health topics.

Science

Life Science 6

Credits: MS

Applicable Grades: 6

Course Length: 2 Semesters

Type of Course: Required

Develop students' core knowledge and skills relating to science to meet 6th grade benchmarks.

Earth Science 7

Credits: MS

Applicable Grades: 7

Course Length: 2 Semesters

Type of Course: Required

Develop students' core knowledge and skills relating to science to meet 7th grade benchmarks.

Physical Science 8

Credits: MS

Applicable Grades: 8

Course Length: 2 Semesters

Type of Course: Required

Develop students' core knowledge and skills relating to science to meet 8th grade benchmarks.

Social Studies

World Geography 6

Applicable Grades: 6

Credits: MS

Course Length: 2 Semesters

Type of Course: Required

Develop students' core knowledge and skills relating to history and geography to meet 6th grade benchmarks.

World History 7

Applicable Grades: 7

Credits: MS

Course Length: 2 Semesters

Type of Course: Required

Develop students' core knowledge and skills relating to history to meet 7th grade benchmarks.

United States History 8

Applicable Grades: 8

Credits: MS

Course Length: 2 Semesters

Type of Course: Required

Develop students' core knowledge and skills relating to history to meet 8th grade benchmarks.

Recovery and Online Credits

Online Learning

Applicable Grades: 6,7,8

Credits: MS

Course Length: 1 Semester

Type of Course: Elective

Requirements: Principal Approval

Students enrolled in this class will enroll in an online subject area course needed for grade promotion. An online instructor is assigned to the course who grades and monitors student progress. An Addison teacher facilitates the learning program at the school site. Students must be able to work independently and at a steady pace in order to be successful in an online learning environment. Principal permission is required. Online learning may be utilized for course completion of required courses needed for credit recovery.

Independent Study

Applicable Grades: 6,7,8

Credits: MS

Course Length: 1 Semester

Type of Course: Elective

Requirements: Principal and Instructor Approval

Students enrolled in this class will enroll in an independent course. Independent study courses may be any course offered in the course catalog. Students will follow a personalized syllabus and student progress will be monitored and grades will be provided. Students must be able to work independently and at a steady pace in order to be successful in an independent study course. Principal and instructor permission is required.

Project Lead the Way

Applicable Grades: 6,7,8

Credits: MS

Course Length: Year

Type of Course: Elective

Introduction to engineering basics to develop entry level skills and allow students to explore interest levels in high school level PLTW courses.

App Creator

Applicable Grades: 6,7,8

Credits: MS

Course Length: Year

Type of Course: Elective

Introduction to develop entry level skills and allow students to explore interest levels in computer science skills.

Plants and Animals

Applicable Grades: 6,7,8

Credits: MS

Course Length: Year

Type of Course: Elective

Course allows for hands on opportunities to learn more about plants and animals.

Food Science

Applicable Grades: 6,7,8

Credits: MS

Course Length: Year

Type of Course: Elective

In this course students will learn about the science behind cooking and baking. They explore topics such as food chemistry, nutrition, and food safety. Students will also have the opportunity to experiment with different ingredients and recipes to create culinary masterpieces.

Study Skills

Applicable Grades: 6,7,8

Credits: MS

Course Length: Year

Type of Course: Elective

Helps students develop positive study habits while learning organizational skills, time management, note taking and other study skills.

Study Skills and Current Events

Applicable Grades: 6,7,8

Credits: MS

Course Length: Year

Type of Course: Elective

Helps students develop positive study habits while learning organizational skills, time management, note taking and other study skills. This class will also incorporate current events and civic literacy.

Seminar

Applicable Grades: 6,7,8 Credits: MS Course

Length: Year

Type of Course: Elective

Provides an individualized opportunity for students to work with a teacher to develop study habits, accountability and organizational skills to properly identify their educational needs. Students will have the opportunity to regularly check their grades, meet with teachers in areas that need additional development and build positive relationships.

Tutorial

Applicable Grades: 6,7,8 Credits: MS Course

Length: Year

Type of Course: Elective

Provides an individualized opportunity for students to work with a teacher to develop study habits, accountability and organizational skills to properly identify their educational needs. Students will work directly with a teacher or paraprofessional to meet their specific educational goals in each class with coursework tailored to their learning style.

Novel Experiences

Applicable Grades: 6,7,8

Credits: 0.5

Course Length: 1 Semesters

Type of Course: Elective

Course will allow students to choose 3 literary works to read and complete assignments on. This course may be repeated as long as students do not repeat the same novels. This course may be completed utilizing online learning platforms.
